

KDP Cover AI

30-Day TikTok Content Plan

Ready-to-post captions, hashtags & video ideas

kdpcoverai.site

How to Use This Plan

- Post once daily at **7pm–9pm WAT** (Nigeria time) for maximum reach
- Each day includes: **Video idea**, **Caption** (copy-paste ready), and **Hashtags**
- **Screen recordings work great** — no face needed. Just record your screen
- Use **CapCut** to add text captions and trending audio to your recordings
- Always keep **kdpcoverai.site** in your TikTok bio link

Best Practices for Maximum Reach

- Hook in the **first 1–2 seconds** — show the result immediately, not the setup
- Keep videos **15–30 seconds** for maximum TikTok algorithm reach
- Reply to **every comment** within the first hour after posting
- **Pin your best-performing video** to the top of your profile
- Use **trending audio** from TikTok's sound library — it boosts distribution
